Green \$178.75

Laser is activated by
touch sensor located
where your natural grip
meets the trigger guard.

TR SERIES

Grip touch-activated. Trigger-guard mounted. Simple installation. TR series laser sights are uniquely shaped to fit your pistol. A convenient battery door means never having to re-adjust laser after a battery change. The master power switch also allows you to shut everything off to allow for iron-sights practice and long-term storage. Beam can also operate in both steady and pulsing modes. Available in both red and green beams.
